**DECLARATION OF CHRISTOPHER FERRANTE IN SUPPORT OF
THE SEC'S MOTION FOR SUMMARY JUDGMENT**

I, Christopher Ferrante, pursuant to 28 U.S.C. § 1746, hereby declare under penalty of perjury that the following is true and correct to the best of my knowledge:

1. I am a Staff Accountant in the Division of Enforcement of the Securities and Exchange Commission (the "SEC") and joined the New York Regional Office in 2001. My duties include, but are not limited to, assisting in the litigation of possible violations of the federal securities laws, including the above-captioned litigation.
2. I make this Declaration in support of the SEC's Motion for Summary Judgment in the above-referenced case.
3. I make this Declaration based on my personal knowledge and on my review of certain documents, electronic data, and other materials obtained by the SEC in connection with its investigation leading up to the above-referenced case and this litigation, as noted below. If called and sworn as a witness, I could and would competently testify thereto.
4. My work on this litigation included, among other things, reviewing and summarizing various financial records.

5. As part of my work on this litigation, I reviewed the historical price reports for XRP that are publicly available on the website Coinmarketcap.com. Using the price data I reviewed, I created a graph and a chart of the daily closing price of XRP from August 4, 2013 through January 1, 2020. A true and accurate copy of that graph and chart is attached as Exhibit 1 to this Declaration.

6. As part of my work on this litigation, I also reviewed the consolidated financial statements of Ripple Labs, Inc. ("Ripple") for the years 2013 through 2020. Specifically, I used the consolidated statements of operations contained in the financial statements to create a chart listing operating revenues and operating costs and expenses as reported by Ripple for each corresponding year in its financial statements.¹ A true and accurate copy of the chart I created reflecting these figures is attached as Exhibit 2 to this Declaration.

7. As part of my work on this litigation, I reviewed certain financial spreadsheets produced by Ripple to the SEC with the file name "SEC Historical P&L Allocation," which contained various XRP revenue figures. In addition, I reviewed Ripple's quarterly "XRP Market Reports," which I understand were publicly available on Ripple's website. The XRP Market Reports I reviewed also contained various XRP revenue figures. I used these spreadsheets and XRP Market Reports, and the XRP revenues figures contained therein, to create a chart representing XRP revenues for Ripple for each corresponding year. A true and accurate copy of that chart is attached as Exhibit 3 to this Declaration.

8. The revenue figures for years 2013 through 2016 in Exhibit 3 were copied from the "SEC Historical P&L Allocation FY 2017 and 2016 v2"² spreadsheet, specifically the workbook tab titled "Consolidated P&L Detail." For the years 2017 through 2020, I compiled revenue figures

from the XRP Market Reports by combining the quarter totals for each year for both institutional XRP sales and programmatic XRP sales. Exhibit 3 also includes a row reflecting XRP revenues as reported in Ripple's consolidated financial statements and a row calculating the difference between the XRP revenues reflected in Ripple's financial statements and the total XRP revenues reflected in the SEC Historical P&L Allocation spreadsheets and the XRP Market Reports.
